Additional Information:

We will prepare your 2024 Federal and State income tax returns from information you provide us. We will make no audit or other verification of the data you submit, although it may be necessary to ask you for clarification of some of the information. It is your responsibility to provide all the information required for the preparation of complete and accurate returns. You should retain all documents, cancelled checks and other data that form the basis of income and deductions. These may be necessary to prove the accuracy and completeness of the returns to a taxing authority. You have the final responsibility for the income tax returns and, therefore, you should review them carefully before you sign them. Our fee for these services will be based upon the amount of time required at standard billing rates plus out of pocket expenses with a minimum of \$300. ***All invoices are due and payable upon receipt.*** Interest will be added at a rate of one percent per month for invoices outstanding more than 30 days. If the foregoing fairly sets forth your understanding, please sign this form in the space indicated and return it to my office.
